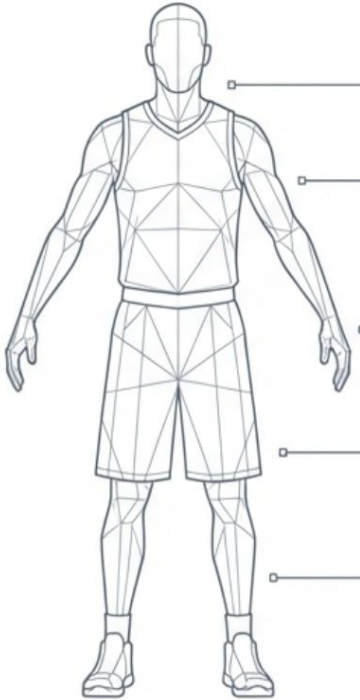
The Sir Montgomery Valuation

A Litigation-Grade Athlete Prospectus

ASSET CLASS: 2027 Combo Guard

EVALUATION DATE: March 28, 2026

Asset Identification and Executive Summary



SUBJECT:
Sir Montgomery

LOCATION:
Clark High School
(Las Vegas, NV)

CLASS:
2027

VITAL SPECS:
6’2 - 165 lbs

POSITION:
Combo Guard (CG/PG)

The Championship Floor General.

Defined by elite facilitation and high-stakes composure.

Safe Harbor / Missionary Asset

A high-IQ distributor who prioritizes institutional winning over individual brand extraction.

The Catalyst: 2026 NIAA 4A State Championship Run

The Spark

16-point performance vs. Valley High School, establishing early leads via multiple three-pointers.

The Clutch (Feb 20)

Sealed a 51-48 victory over Reno High School by sinking a critical free throw with exactly 1.0 second remaining.

The Stabilizer (Feb 21)

Captured Clark's first title since 2016 in a 56-54 win against Bishop Manogue.

> While teammates Devan Christion and CJ Edwards led scoring, Coach Brent Rothman explicitly cited Montgomery's ball-handling as the stabilizing force that secured the championship in the closing minutes.

Quantitative Performance Matrix: The 2025-2026 Engine

106

Total Assists

#1 Assist Leader in the 4A Desert Region. The primary efficiency metric.

35%

3PT Efficiency

Scoring versatility (9.2 PPG total) that provides crucial floor spacing without requiring high usage rates.

65%

FT Percentage

Reliable late-game execution.

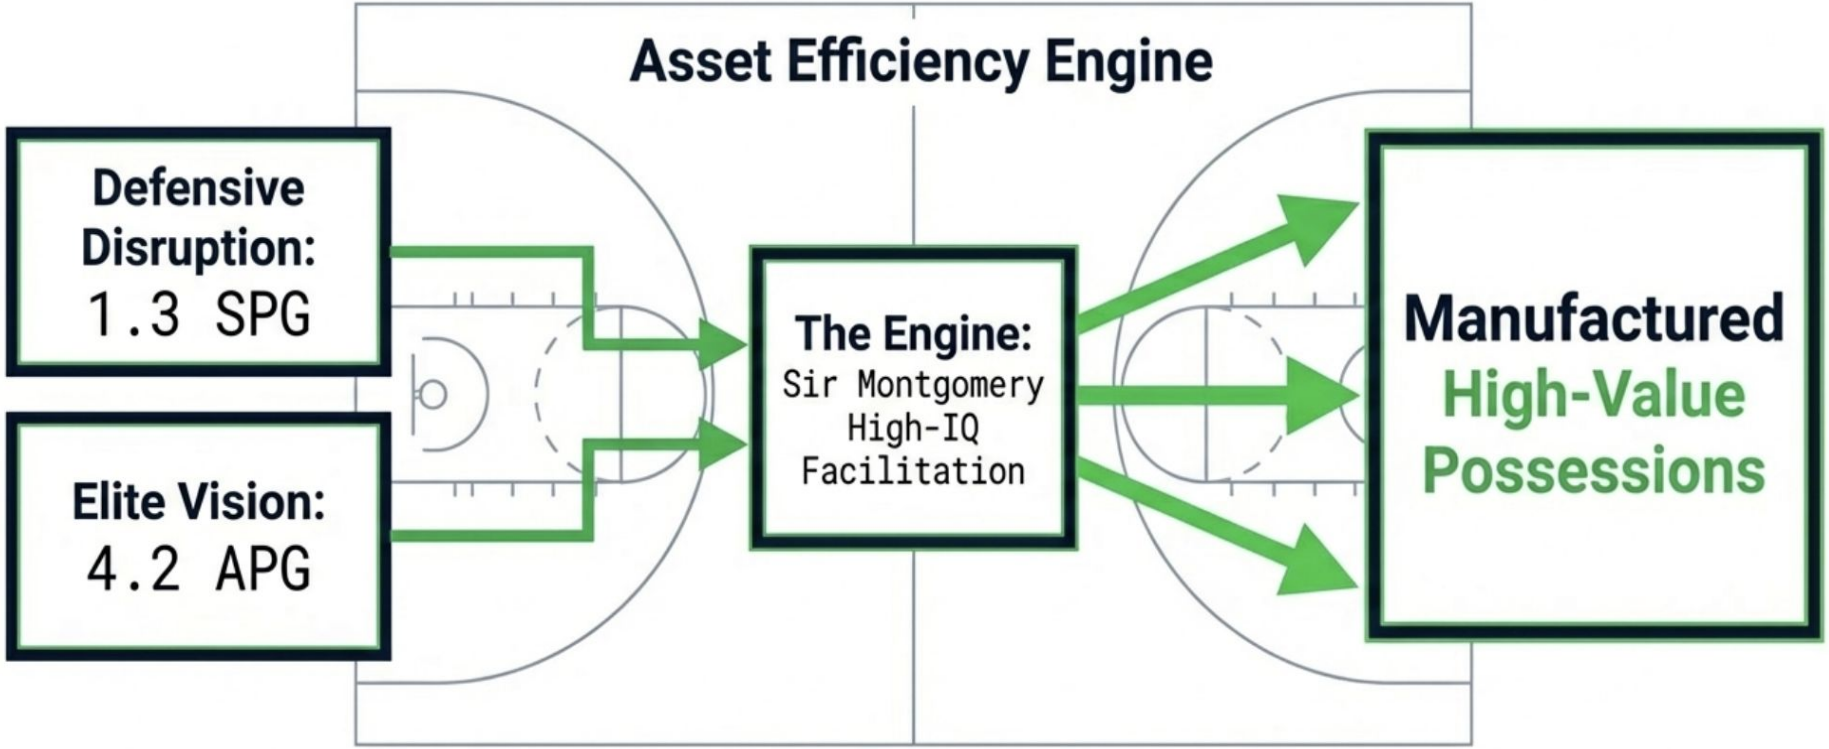
3.5 / 1.3

RPG / SPG

Rebounds per game (3.5) and Steals per game (1.3), demonstrating active possession recovery.

Montgomery served as the documented engine for an offense that generated over 60 points per game throughout the high-pressure playoffs.

The Possession Generator Index establishes an undeniable statistical floor



A prospect who creates extra possessions and guarantees ball security offers a higher statistical floor and a significantly lower investment risk than a volume-dependent scorer.

Behavioral Risk Matrix: The “Trophy Test”

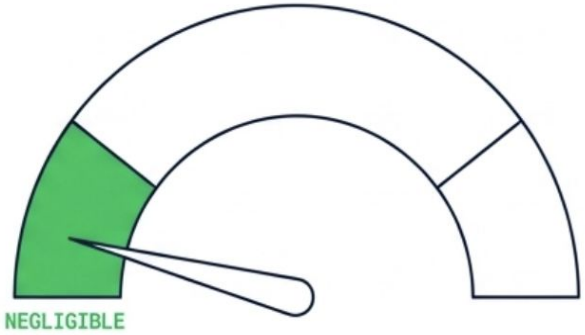
	Sir Montgomery (Missionary / Stabilizer)	Industry Standard (Mercenary / Viral)
Motivation	Collective success, facilitation, institutional winning.	Individual brand extraction, volume scoring.
Playstyle	Elite perimeter defense, high-IQ distribution.	High-usage, highlight-chasing, defensive liability.
Institutional Retention	Structural stability markers suggest a multi-year anchor.	Flight risk, “one-and-done” transfer portal entry.
Brand Toxicity	**Negligible.**	High risk of off-court misalignment.

Linguistic Alignment and Brand Toxicity Assessment

Linguistic Alignment

Montgomery's documented roles within his championship squad signal a deep psychological need for collective success over individual spotlight.

Frontstage Performance vs. Viral Hype



BRAND TOXICITY RATING: NEGLIGIBLE

Unlike 'Mercenary' assets who trade heavily on viral social media hype, Montgomery's value is strictly rooted in documented 'Frontstage' performance on the court and rigorous team socialization.

Fiduciary Verdict: Execute Acquisition

ASSET RATING:	AAA Investment Grade
RETENTION PROJECTION:	HIGH (Multi-Year Institutional Anchor)
STATUS:	Top Uncommitted Guard in the 2027 Regional Class

Sir Montgomery is not a gamble; he is a de-risked financial asset that protects locker-room culture and capital. Secure the distribut distribution engine immediately to beat the 2027 recruitment surge.
